Focus Car of the Month

1949 Studebaker Champion Business Coupe

When was the last time you have seen one? This particular car has a custom paint job, a Chevrolet 350 V8/700R4 automatic combination, gorgeous, custom red leather interior and is beautiful inside and out!

Not a single detail was overlooked in this build! This was Studebaker's answer for the traveling businessman! This '49 Champion is a VERY rarely seen "business coupe" that is sure to be a hit with everyone at the next car show or cruise night. Only 365 Champion Business Coupes were produced and it's unknown how many still exist today - especially in this phenomenal of condition! With its custom, brilliant silver paint and red leather interior, the color combination is incredibly striking. The paint on the car is in very good condition with minimal imperfections. There is subtle, dark silver pinstriping on the front center of the hood and trunk lid which looks excellent and gives the Studebaker just a touch of hot rod styling.

Our next area of focus

We are looking for volunteers! We have several opportunities available for people looking to get out there and fill their free time with some fun volunteer opportunities within the museum.

Homefront: Museum Liaison for the Homefront area. Answer questions about the cars, know about the historical background on the various vehicles.

Information Desk: Greet and count visitors entering the Museum. Direct visitors to areas around Museum. Answer general questions.

Vehicle Restoration: Dust off vehicles, clean windows, direction from the museum's mechanic for any other restoration help.

Please reach out to the museum manager if you would like to volunteer within our museum. ccarr@tucsonautomuseum.com
